

**What is
the most
important part of
your financial future?**

Every Life Event represents a possible change in your Estate Plan

Traditional Legal Services Leave the Middle Class Out!

- 24/7 Do-it-yourself online estate planning tool.
Attorney not required!
- Similar to tax preparation software. NetLaw provides a "concierge" experience.
Answer simple questions = Customized Estate Planning documents.
- Protect your family and achieve piece of mind.
Save time and money!

NetLaw Provides An Easy, Efficient & Affordable Solution

Avoid the burden of finding an attorney and paying their high hourly rates.

Do You Have An Estate?

If you...

Own a Home,

Own a Car,

Have a Bank Account,

Have a Savings Account or

Own a Business

Then you have an estate and need an Estate Plan!

Your financial future, your children's financial future, and your legacy all depend on how you preserve your estate.

If you do not decide, the Government will decide for you!

Without the proper legal documents it does not matter
what you have said or promised.

- Who will care for your **underage children**?
- How will you keep an 18-year old from **spending their inheritance**?
- Who gets your **home**?
- Who inherits all of your **bank accounts**?
- Can you avoid family arguments over your **belongings and keepsakes**?
- Who will operate and own your **business**?
- Who will make your **medical decisions**?

Will your lack of planning create a family feud?

#1 Who will get your assets?

- Have you discussed this with your family?
- If so, how long ago?
- Do your documents need an update due to **Life Events**?

With NetLaw, updating your documents is easy and you can do it 24/7!

Will **you** or a **court** decide who gets what?

- Telling someone is not enough!

Tell them in your Estate Plan!

- Have you ever seen a family fight over an estate?

Make your intentions clear in your Estate Plan!

#2 Who will take care of your children?

- Have you discussed this with your family?
- If so, how long ago?
- Do your documents need an update due to **Life Events**?

Will **you** or a **court** decide who gets your kids?

- Telling someone is not enough!

Tell them in your Will!

- Have you seen a family fight over who gets the children?

Only a Will controls this important decision

Do you want a judge to oversee a fight over your kids?

#3 Have you avoided Probate?

- Have you heard about probate?
- Do you know why people want to avoid it?

...the Cost ...Time Delays ...Complications

How does a Living Trust work?

- Prepare one using NetLaw (easy Q&A step-by-step process)

...re-title bank/investment accounts in name of Trust

...when you die the Living Trust does not die

...accounts stay open, passwords remain, no delays

...pay bills the next day...distribute to family the next day

...even joint accounts will not help in the event of simultaneous death

Do you want to make it easy for your family?

#4 Healthcare or end-of-life decisions

How do you want to make these decisions?

Did you know that legal documents are required?

Have you experienced family disputes related to these issues?

The Required Documents

Healthcare Surrogate

Names the person (and backup) to decide when you can't.

Living Will Declaration/Advanced Directive

Do you want to remain on life support when there is no hope of recovery?

Avoid depleting your estate when it will not help.

HIPAA Authorization

*Without this document, your family members cannot talk to doctors or
or have access to your medical information.*
